esd & associates seeks students to participate in a 3-month internship! Join an innovative and integrated digital marketing team that inspires your creative mind. Develop valuable, hands-on skills that build real-world experience. We are looking for bright, motivated, creative people who are able to conceptualize and execute a variety of projects. If you have skills and aspirations in Graphic and Web Design, Web Development, Digital Analyst, or Public Relations, we invite you to work with us on several accounts and become familiar with a variety of industries.

Please visit our website for full descriptions of each internship opportunity:

› Graphic / Web Design
› Web Development
